Activities on the Lower Zambezi

GAME DRIVES

A game drive on an open top safari vehicle is the best way to explore the African bush and search for wildlife. These vehicles offer incredible, close up encounters with many of Africa's animals, with the added benefits of comfort, safety, refreshments and a private guide.

WALKING SAFARIS

Professionally guided walking safaris through the African bush offer a more intimate and far more exhilarating safari experience, putting you right in the middle of the action. Experiencing some of Africa's large game on foot is something you will never forget!

CANOE SAFARI

Enjoy guided canoe safaris through the beautiful winding waterways of the Lower Zambezi in search of elephants, hippos, crocodiles and an abundance of other birds and animals that the Zambezi River is home to.

RIVER SAFARIS

Take to the river on a custom built motorised barge, built to offer unobstructed views of the surrounding wildlife and scenery, while offering a more relaxed and effortless river safari experience - perfect for photographers and sundowner seekers alike!

CATCH & RELEASE ANGLING

The Zambezi River is home to the mighty tiger fish, one of the most sought-after freshwater fish species in the angling world. Try your luck and test your skills to see if you can land one of these ferocious freshwater giants!
